

Spring Arbor University Human Protection Training and Certification

Dear SAU researchers, faculty and students:

The SAU Institutional Review Board (IRB), which oversees research on human subjects, is in the process of developing a human protection training and certification program specifically for SAU. In the meantime, please use the free training available through Family Health Improvement 360 (fhi360) to learn about research ethics and to obtain a certificate. Remember, if you prepare your application for IRB review, individual certificates for **all investigators** are required, including faculty sponsors.

fhi360 Instructions

1. Go to the fhi360 website: <https://www.fhi360.org/sites/all/libraries/webpages/fhi-retc2/index.html>
2. Read the self-study materials. (A thorough read should take two to three hours.)
3. Click this link to take the post-test: <https://www.fhi360.org/sites/all/libraries/webpages/fhi-retc2/RETCEvaluations/RETCEvaluations.htm>
 - o You must pass with an 80% score to receive a certificate.

Research Ethics Training Curriculum
Second Edition

Web Version

- [Self-study and Facilitator Group Lead Training](#)
- [Test, evaluation and certification \(Flash\)*](#)

Flash Version

- [Introduction, slides with notes, case studies, and bibliography \(5.6 MB\)](#)
- [Additional Resources \(5.2 MB\)](#)
- [Test, evaluation and certification*](#)
- This version is for a quick overview of the curriculum

Click the link to take the test and obtain certificate.

4. When you complete the test, you will be asked to evaluate it. Fill in the information required to receive a certificate.

RESEARCH ETHICS CURRICULUM EVALUATION

You will access your certificate for this training after you submit this evaluation.

Please answer the questions below after completing the *Research Ethics Training Curriculum*.
The information you provide will help FHI 360 improve future presentations.
